

Welcome to our BRAND NEW Special-Order Catalog for 2026

In this catalog you will find the following:

- A. A great selection of pre-created hanging baskets that can be planted into 12" or Mega (16") sizes.
 - Plus side: For those with creative-block, we do it for you!
Also, we are able to plant duplicate/replacement baskets of these combos so that you get the best of the best at pick-up!
 - Down side: No substitutions are allowed in these combos.
But we have used our super plant-genius brains to make sure our combos will look fabulous as-is.

- B. A build-your-own-basket (BYOB) section where you can dream up your own specific requests.
 - Plus side: You can create exactly what you want.
 - Down side: They cost more, because they are extremely time consuming. We are also not able to grow replacements.

- C. Flower pouch options - Build your own, per instructions given. Supply is limited.

- D. Planter options - NOT IN THIS BOOK. You can find sizes and prices on our special orders page of our website. These are all still build-your-own and we are happy to help you with this part as there are so many variables. You can find images of planters we have grown in the past by clicking on the photo album link on special orders page.

How to use this book:

1. Pick your combos, and email or call in your order.

"I would like 2 12" Sun #4s and 1 Mega Sun #8"

If you would like to create your own, find instructions at the beginning of that section of the catalog.

2. We will create an invoice for you and email it with payment and pick-up instructions.

NEW REWARDS PROGRAM - We are still learning the in's and out's of it, so bear with us!

You can sign up by using the QR code on the front page of www.jacobsonsgreenhouse.com. or you can sign up by entering your info at our store during business hours. If you are signed up, we can apply these basket order purchase points to your account so that you can save \$ on your next in-store purchase. If you signed up over the holidays and earned points, please let us know. You can redeem those points on these baskets. For every 100 points earned you can save \$5!
